MICC University simulates a fictional case dealing with current dilemmas of international criminal law.

*Those who have been with us before would encourage you to come:*

*We're proud that MICC is a positive experience for most participants.  
96.5% of MICC project participants recommended this project to their peers.*

**WHAT IS MICC?**

Model International Criminal Court (MICC) is a simulation of trials before the ICC for high school and university students from all over the world.

The International Criminal Court (ICC) is the world's most sophisticated mechanism for the protection of Human Rights and rules of warfare. MICC is a project that aims to teach core principles of the ICC to high school and university students.

MICC has been growing successfully since 2005 and we owe this to the quality of the training, the focus on relevant topics and the unique experience that MICC provides.

The working language is English, and every session is comprised of trainings, discussions and workshops with a simulation of the ICC process – preparation, trial and verdict. Bringing in students from all around the globe, MICC fosters intercultural dialogue and understanding among students of various national and social backgrounds. The goal of this work is to encourage students to study human rights and humanitarian law.

More information about MICC is available on the project website:

For the simulation, teams of four students can register from one university. The final selection of participating teams will be made on the basis of the CVs and letters of motivation submitted. The student teams should be legally advised and coordinated by a professor from their home university, but the coordinating professor is not accompanying the group to the project.

### ***INFORMATION ABOUT PROGRAM***

MICC University will be organized in an online format with the usage of various online tools which were previously used in the organization of Model International Criminal Court project activities.

Two weeks before the official start of the project on November 11<sup>th</sup> 2021, all students will be assigned into teams (judges, prosecutors, defense lawyers and press team) and will work together on the creation of position papers for the simulation.
